

NAME _____

Date _____

1. The purpose of a filter lens in a welding helmet is to screen out _____ of the damaging light rays.
 - a. 99.9%
 - b. 90%
 - c. 50%
 - d. 25%
2. _____ is the amount of tint in a filter lens.
 - a. shade
 - b. color
 - c. hue
 - d. light to dark ratio
3. The higher the filter lens number, the easier it is to see through the lens.
 - a. True
 - b. False
4. A number five lens is darker than a number ten lens.
 - a. True
 - b. False
5. ANSI stands for:
 - a. American Notation Standards Institute
 - b. American National Standard Institute.
 - c. American New Standards Institute.
 - d. American National Service Institute.
6. Whenever you are in a welding area, you should wear safety glasses with:
 - a. Flash or side shields
 - b. Hardened safety glasses.
 - c. A number twelve lens rating.
 - d. Metal frames and bows.
7. In addition to ultraviolet rays, welding also produces:
 - a. infrablue rays.
 - b. ultrared rays.
 - c. Infrared rays.
 - d. Infrared waves.

8. Which of the following types of clothing should not be worn when welding?
 - a. Cotton shirts or pants.
 - b. Synthetic fiber shorts or pants.
 - c. Wool shirts or pants.
 - d. Cotton and wool blend shirts or pants.
9. Welders wear ear plugs only to keep flying sparks out of their ears.
 - a. True
 - b. False
10. The only reason welders wear leather gloves is to protect their hands from heat and ultraviolet rays.
 - a. True
 - b. False
11. Welders are one of the nations most respected and sought after professionals because:
 - a. There is a constant demand for welders.
 - b. Nearly all manufacturing and building industries require welding services.
 - c. They make a very good salary.
 - d. They are able to work both indoors and outdoors.
12. _____ must be your first concern in any job.
 - a. Salary and benefits.
 - b. Room for advancement.
 - c. Safety.
