

Steps To Complete an Agricultural Current Event

1. Read an article that is **related to agriculture**. The article can be in a newspaper, journal, magazine, internet publication, etc...
2. Write a one paragraph summary over the article. The summary must be 3-5 sentences in length. The summary must be in your own words. Staple a copy of the article to your summary. Put your name and class in the top right corner. The event must include the Publication source, title of the article and date of the article for full credit.
3. Give an oral summary of the article at the beginning of class each Friday.

Points to remember:

- Do not plagiarize (copy the information word for word).
- Current event must be completed by the beginning of class. No class time will be allowed to finish your current event. **BE PREPARED.**
- Current event must have been published within the previous two weeks of the reporting date for newspapers and internet articles or previous month for magazines.

Suggested Publications
